HOW TO BEAUTIFY THE HAIR

A Simple and Inexpensive Home Method.

If your hair is not pretty; if it is losing its color, too dry, matted, falling out, or if the scalp itches and burns, you can overcome all of these conditions by using Parisian Sage, which supplies every hair need. It soaks right in to the hair roots, nourishment that is needed for the hair to grow not only long and heavy, but fluffy, soft lustrous and gloriously radiant.

You can get a bottle of this inexpensive, yet delightful and helpful hair tonic from R. E. McRoberts or at any drug store. Improvement begins with the very first application. Besides stopping the scalp irritation it removes every bit of dandruff. The use of this unequalled hair tonic will surely give your hair new life and beauty.

"Shorthand by Machine"

Students Writing It

The STENOTYPE
The Fastest Writing Machine in the World

We are teaching "The Machine Way in Shorthand" to an intensely interested class. And we want you to see these students write on this machine. "The Machine Way in Shorthand" is called Stenotypy, and is written on a machine called the Stenotype. The Stenotype is one of the Four Great Machines that are saving the most time today in business.

You have seen its method advertised in the great national magazines. Now come and see, in an actual demonstration, what "Machine Shorthand" is and what it is doing. See what it enables the average young man and woman to do in stenography today.

Writes Plain English Spelling

Here is a system that enables you to write "shorthand" with great speed, accuracy and ease.

For Stenotypy is simply plain English spelling with the silent letters dropped. The Stenotype writes it in plain alphabet type—the kind you learned when you first went to school.

Not one of the usual shorthand characters is used.

So there is only a little to learn about Stenotypy that you don't already know. Learning to write it is mostly a case of learning to write on this simple machine, which embodies only 22 plainly stamped keys.

Come see the Stenotype before you enroll anywhere else. We teach both the "Machine Way" and the "Hand Way" in Shorthand. Come decide which you want to take.

Better Salaries

There are today in business thousands of successful Stenotypists. They are

any Stenotypist as accurately as by the one who wrote them—notes which are read as easily a year after they were written as the day they were taken down.

315 Colleges Are Teaching Stenotypy

Stenotypy is being taught today in 315 business colleges in every important city in the United States.

Thousands of students, having investigated it, are now learning to take dictation this way.

We are teaching Stenotypy because its principle is fundamentally sound and right—because W. S. Ireland, the inventor, an expert Court Reporter, spent nine years in perfecting it before he announced it—and because the Stenotype and Stenotypists have gained a permanent place in business.

Come See It Today

Call at our offices today and we will demonstrate Stenotypy and the Stenotype.

We will show you why so many students are studying this system. We will show you how you can write on this machine.

You are not obligated in asking a demonstration.

Bring your mother or father with you if you wish.

You will see in this system of taking dictation some great possibilities for a good start in business and future rapid advancement.

So come see the Stenotype. Learn for yourself why it means higher efficiency and better salaries.

accurate writers and unusually fast, for this machine permits accuracy and speed with ease. And their services, therefore, command higher salaries than are usually paid for stenographic work.

Students of Stenotypy upon graduation are getting a premium price for their services. Because they enter business with a degree of efficiency that is not attained by the ordinary beginner.

Millions of

Business Men Now Know

The Stenotype and Stenotypy are now being advertised to millions of business men every month.

Soon every business man who hires stenographers will know what Stenotypists can do.

He will know of these legible Stenotype notes which can be transcribed by

Danville Business College.
